### Park Place Sanitary Sewer and Water Infrastructure Improvements Work set to begin in Mid-November

Dear Valued Customer,

The City of Norfolk Department of Utilities is pleased to have scheduled a \$2,350,000 infrastructure improvement project in your neighborhood. The project area (shown on the map to the right) will receive new sanitary sewer and water pipes and fully resurfaced streets.

The City's contractor, Inner-View, LTD, is planning to begin work in mid-November and finish in approximately one year. Prior to construction you may notice utility markings and survey work in the neighborhood.

The City and our contractor will do our best to minimize the unavoidable disruptions associated with the construction.

If you have any questions regarding this project, please do not hesitate to contact the City's on-site construction inspector, Sean Simmons. He can be reached by cell phone at 374-0126 to respond quickly. You may also contact the project manager, Kevin Frederick, at 664-6734.

The Department of Utilities looks forward to completing this project which will enhance your water and sanitary sewer services for many years to come.

Sincerely,

Kristen M. Lentz, P.E.  
Director of Utilities
